Fair Cooperation Sponsor

This year all prices for food, electricity, heating, services and personnel expenses are rising up to 37 %. To compensate all costs for the organization of this event it is necessary to rise conference and exhibition fees too.

We try to avoid a pricing spiral. Support us!

Stop this trend or conferences get uneconomical!

We know all of you get increasing prices, too. The EFDS is a non-profit association. We do not plan with high outcomes and reduced secure buffers too. Every support of **5 % discount at the final invoice** will help us to organize an economically viable conference with a good perspective for an ongoing cooperation also in future.

**Individual sponsorship
for all who are tired of rising prices.**

This cannot continue! Do you agree?
Support our campaign!

- We mention your institution as supporting affiliation at the conference and at the website.
- We post a joint statement to the topic in our social media channels.

So, we can get an open visible understanding of all involved partners, exhibitors and participants for the work and efforts of all of us.

Contact

We are looking forward to another fruitful and inspiring conference and exhibition.

You have any individual wishes, comments or ideas? We have an open ear for you.
